

UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. UC IRVINE MEDICAL CENTER

The UC Irvine Medical Center located near District 69, combines modern, cost-efficient technology and the latest research with the quality care and compassion of health professionals who are among the world's best. The UC Irvine Medical Center in Orange, the Long Beach Veterans Affairs Medical Center and the Long Beach Memorial Medical Center provide cutting-edge medical research. UCI Medical Center's 462-bed facility is Orange County's only designated comprehensive emergency service and Level I Trauma Referral Center.

UC IRVINE

UC Irvine – near District 69, is one of the top American universities and has a \$2.35 billion economic impact on Orange County. UC Irvine is responsible for the creation of more than 15,000 jobs in Orange County. Noted internationally for its rich academic programs, UC Irvine offers 55 undergraduate majors, 49 minors and a myriad of specializations. **UC Irvine also hosts a School of Education, a School of Management and the Henry Samueli School of Engineering.**

CALIFORNIA INSTITUTE FOR TELECOMMUNICATIONS AND INFORMATION TECHNOLOGY

To help ensure that California maintains its leadership in the changing telecommunications and information technology marketplace, **the University of California campuses at San Diego and Irvine have created the California Institute for Telecommunications and Information Technology (CaIT)².** The institute teams UC researchers with leading California computer companies to conduct research. **Research sites will be housed on both the UCSD and UCI campuses.**

Pathway is a collaborative project between UC Irvine, Santa Ana College and the Santa Ana Unified School District. The goal of the project is to increase the number of second language learners pursuing higher education. **The program works with fourteen schools in District 69, including Valley High in Santa Ana.** www.gse.uci.edu/uciwp/pathway.html

The Puente Project runs programs at 51 community colleges and 35 high schools throughout California to increase the enrollment and retention of educationally underserved students in four-year universities.

In District 69, Puente works with four high schools in Anaheim – including Anaheim High, four Santa Ana high schools and Santa Ana Community College. Puente students graduate from 4-year universities at twice the average rate. <http://www.puente.net>

UC Irvine's Physics Assembly works with underrepresented students in grades four through eight. The program aims to stimulate students' interest in science and math through entertaining demonstrations that give life to physical concepts. The program works with **44 schools in Santa Ana.** www.cfep.uci.edu

UC Irvine's Humanities Out There (HOT) serves students in seven schools in District 69, within the Santa Ana Unified School District. Undergraduate tutors work with small groups of K-12 students on focused reading and writing exercises. <http://hot.hnet.uci.edu>

California Partners for Advanced Transit in Highways (PATH), at the UCB Institute of Transportation Studies brings together faculty and students with private industry and state/local agencies to develop the research technologies that will improve California's transport systems – including developing solutions for the state's public transit challenges. <http://www.path.berkeley.edu>

UC Irvine's America Reads & Counts Challenge was launched to improve reading, language and math skills in elementary school students and works at **six sites in District 69 – including King Elementary.** The program provides individual and group tutoring by UCI undergraduates in the work-study program. www.cfep.uci.edu/K12/AmericaReads

UC's Division of Agriculture and Natural Resources Cooperative Extension provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county advisors at the **Orange County office.** <http://ucanr.org>

UC Irvine's Chemistry Outreach program has teams of graduate and undergraduate students visit Orange County schools to perform demonstrations and talk about chemistry. Since 1992, over 24,000 students have been reached – **including those at Carr Middle, Foothill High, Saddleback High, Santa Ana High, and Valley High all in District 69 – as well as Anaheim High.** www.chem.uci.edu/~jsnowick/outreach

ArtsBridge is the arts education and outreach program of UC Irvine, providing scholarships to UCI students to teach the arts and conduct workshops in the Orange County community. **Artsbridge** works with **Lowell Elementary, El Sol Elementary, Community Day School, Glen Martin Elementary and Heninger Elementary in Santa Ana – all in District 69.** www.arts.uci.edu/artsbridge

UC's Design for Sharing purchases thousands of tickets to events presented by UCLA Performing Arts. Tickets are distributed through social service agencies for those who could not otherwise afford to attend the events – **including several sites in District 69.** www.performingarts.ucla.edu

UC's California Subject Matter Projects develop teacher knowledge in major K-12 subject areas by enhancing instructional strategies, providing access to the techniques that improve student achievement, and developing 'teacher-leaders' – at over 500 California school districts. With the expertise of teachers and UC faculty, the program annually trains thousands of teachers through intensive summer courses **at schools throughout District 69 – including intensive science programs run at Canyon High and Foothill High.**

UC's MESA (Mathematics, Engineering & Science Achievement) Program works to prepare educationally disadvantaged students for four-year colleges at **11 schools in District 69 – including Carr Intermediate. The MESA California Community College Program** increases the number of math and science majors who successfully transfer and receive degrees from 4-year universities and works with **Santa Ana Community College.** <http://mesa.ucop.edu>
