

## UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. - Agricultural
- Campus Facilities
- Community
- Health
- K-12
- Research

### UC RIVERSIDE

**UC Riverside is the fastest growing** of the UC campuses, has an annual economic impact of more than **\$360.2 million** and **is the third largest employer in Riverside County**. UC Riverside is a major research university with state-of-the-art facilities and a distinguished faculty that has led the nation in faculty honorees selected for the prestigious American Association for the Advancement of Science. The planned Riverside Technology Park, a partnership between UC, government and private industry, **will be a major R & D center** aimed at assisting local entrepreneurs and moving UC discoveries from the lab to the marketplace.

### UCLA MEDICAL CENTER

UCLA Medical Center provides services **throughout District 63 and is known worldwide for its pioneering technological contributions, including advancements in organ transplantation, artificial insemination and ultrasound** and is ranked **#1 in the West** by *U.S. News and World Report's* annual survey of "America's Best Hospitals." More than 300,000 people – including a disproportionate share of the state's poor and uninsured – come to UCLA Medical Center each year. **UCLA's Mattel Children's Hospital offers a full range of specialty health services for children.**

### UC RIVERSIDE GENOMICS INSTITUTE

**The UC Riverside Genomics Institute** brings together faculty from every academic unit on campus to foster innovations that will make possible advancements in the quality of life - **from greater productivity in California's \$27 billion agricultural industry** to more nutritious foods to improved human health and

**The Puente Project** runs programs at 51 community colleges and 35 high schools throughout California to increase the enrollment and retention of educationally underserved students in four-year universities and works with

**Chaffey Community College in District 63.** To date, Puente has provided mentoring, teaching, and counseling for over 20,000 under-represented students. Puente students graduate from 4-year universities at twice the average rate.

**UC's Early Academic Outreach Program (EAOP)** has provided academic support, career advising, college counseling and skill-building workshops to help over 85,000 California students realize their dreams of a college education.

EAOP works with **several K-12 schools in District 63, including Rancho Cucamonga High.** <http://www.eaop.org>

**The Lindcove Research and Extension Center**, established by local growers and UC Riverside, provides research for the California citrus industry. Researchers focus on areas such as the management of citrus pests.

**The VA Greater Los Angeles Healthcare System is an affiliate of the UCLA Medical Center and provides a full range of medical care to thousands of veterans in the region.** The system houses a teaching hospital and provides

a full range of patient care services using state-of-the-art technology. **Outpatient clinics are located throughout the region.** <http://www.va.gov>

**UC's Division of Agriculture and Natural Resources Cooperative Extension** provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county advisors at the **San Bernardino County office.** Programs at this office include: **4H Youth Development, Environmental Horticulture and Consumer Science.**

UC Riverside hosts a range of programs in the larger community.

**UC Riverside's Eastside Community Collaborative**

combats the effects of poverty and violence through **education, mentoring, arts and community needs**

**assessment.** The Collaborative was formed in 1994 in response to escalating violent crime rates in the eastside of Riverside when former UC Riverside Chancellor Raymond Orbach convened civic leaders to build solutions aimed at families and youth, in order to help heal a traumatized community. **Today, the Collaborative includes the "Safe Havens" after-school program at area schools.**
