

## UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. Find out more about UC programs in your district by visiting:

- Health
- K-12
- Research

### UC IRVINE MEDICAL CENTER

**The UC Irvine Medical Center- near District 67, has a strong academic reputation in neurosciences, cancer and genetics research. The UC Irvine Medical Center in Orange, California, the Long Beach Veterans Affairs Medical Center and the Long Beach Memorial Medical Center provides cutting-edge medical research to the general population and to a disproportionate share of the area's poor and uninsured. UC Irvine Medical Center's 462-bed facility is Orange County's only designated comprehensive emergency service and Level I Trauma Referral Center.**

### UC IRVINE

**UC Irvine - located near District 67, is one of the top American universities, attracting a stellar faculty that conducts cutting-edge research in state-of-the-art facilities. UC Irvine has a \$2.35 billion economic impact on the Orange County economy. The campus and medical center distributed an average monthly payroll of \$44 million in 2000-01, most of which was spent in the local economy. UCI spent approximately \$350 million on goods and services, with capital expenditures of \$90 million. UC Irvine is responsible for the creation of more than 15,000 jobs in Orange County, including 10,000 UC employees.**

### CALIFORNIA INSTITUTE FOR TELECOMMUNICATIONS AND INFORMATION TECHNOLOGY

To help ensure that California maintains its leadership in the rapidly changing telecommunications and information technology marketplace, **UC San Diego and UC Irvine have created the California Institute for Telecommunications and Information Technology (CaI-IT)<sup>2</sup>. The institute teams UC researchers with leading California telecomm and computer companies to conduct research on the scientific and technological components needed to bring wireless technology to the next level. Research sites will be housed at UCSD and UCI.**

### UC's Division of Agriculture and Natural Resources

**Cooperative Extension** provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county advisors at the **Orange County office**.

<http://ucanr.org>

**ArtsBridge** is the arts education and outreach program of UC Irvine, providing scholarships to UCI students to teach the arts and conduct workshops in the Orange County community. **Artsbridge** works with **Huntington Beach High School in District 67**, to provide high quality arts education.

ArtsBridge also provides scholarships to qualified students to teach the arts and conduct arts-related workshops in local communities. <http://www.arts.uci.edu/ucartsbridge>

**The UC Affiliated Oiled Wildlife Care Network** strives to ensure that wildlife exposed to petroleum products in the environment receive treatment. The program is managed through the UC Davis School of Veterinary Medicine and provides services at a site in **Huntington Beach**.

**The Puente Project** runs programs at 51 community colleges and 35 high schools throughout California to increase the enrollment and retention of educationally underserved students in four-year universities

– including programs at **Cypress and Golden West Community Colleges in Huntington Beach** – both in District 67. Puente students graduate from 4-year universities at twice the average rate. <http://www.puente.net>

**UC's Design for Sharing** purchases thousands of tickets to events presented by UCLA Performing Arts. Tickets are distributed through social service agencies for those who could not otherwise afford to attend the events – including at **Cypress High School in District 67**.

[www.performingarts.ucla.edu](http://www.performingarts.ucla.edu)

**UC's Early Academic Outreach Program (EAOP)** has provided academic support, career advising, college counseling, motivational and skill-building workshops to help over 85,000 California students realize their dreams of a college

education. EAOP works with **several K-12 schools in District 67, including Whittier Middle School and Marina High in Huntington Beach**. <http://www.eaop.org>

**UC's California Subject Matter Projects** develop teachers' knowledge in major K-12 subject areas by enhancing instructional strategies, providing access to the techniques that improve student achievement, and developing 'teacher-leaders' – at over 500 California school districts. With the expertise of teachers and UC faculty, the program annually trains thousands of teachers through intensive summer courses **at schools throughout District 67** – including an intensive science program run at **Hope View Elementary in Huntington Beach**.

**The UCLA Mobile Eye Clinic** provides free eye examinations to more than 5,000 people annually in the **greater Los Angeles** area at schools, agencies working with abused and foster children and the elderly, community organizations, and homeless clinics.
