

### UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. Find out more about UC programs in your district by visiting:

### UC SANTA BARBARA

**UC Santa Barbara** – in District 35, is the largest employer in Santa Barbara County, with more than 9,100 employees. **UCSB's annual economic impact is \$239 million.** The more than 16,000 UC alumni in the region provide a highly skilled workforce for the region's growing technology sector. The campus is home to eight National Research Centers, six of which are supported by the National Science Foundation. Alumni and faculty members of the College of Engineering have **started nearly 100 high-tech companies, about half of them located on California's Central Coast.**

### UCSB NATURAL RESERVES

**UCSB administers several natural reserve sites** that protect unique local environments, serve as invaluable research laboratories and educate the public. Reserves include the **Carpinteria Salt Marsh Reserve**, which protects an important Southern California estuary and the **Santa Cruz Island Reserve**, which protects the breeding grounds of harbor seals and the threatened island fox. **Both reserves host a range of public education and outreach programs for local K-12 schools and the larger community.**

### THE CALIFORNIA NANOSYSTEMS INSTITUTE (CNSI)

**CNSI will facilitate a public/private approach to developing the information, biomedical, and manufacturing technologies that will dominate science and the economy in the 21st century.** The Institute will provide a world-class intellectual and physical environment that supports collaboration among California's university, industry and national laboratory scientists. The Institute will be housed at **UC Los Angeles and UC Santa Barbara** and will include corporate-sponsored incubator labs.

**UC's Design for Sharing** purchases thousands of tickets to events presented by UCLA Performing Arts. Tickets are distributed through social service agencies for those who could not otherwise afford to attend the events – **including at Child at Heart in Santa Barbara in District 35.**

[www.performingarts.ucla.edu](http://www.performingarts.ucla.edu)

**UC's MESA (Mathematics, Engineering & Science Achievement)** works to prepare educationally disadvantaged students for four-year colleges at **several schools in District 35 – including La Cumbre Middle, Santa Barbara Junior High and Santa Barbara Senior High.**

<http://mesa.ucop.edu>

**UCLA's Regional Oncology Centers**, affiliated with the world-renowned UCLA Jonsson Comprehensive Cancer Center, provide **comprehensive cancer care services and investigative clinical trials at sites in Santa Barbara.** Patients who come to UCLA centers for cancer care benefit from the most advanced forms of therapy available, and from a variety of supportive services. Regional centers also allow easier access to cancer care services and investigative clinical trials. <http://cancer.mednet.ucla.edu/clinical>

**The UCSB Women's Center** serves as a community and campus resource to expand educational, professional, and personal opportunities for women. The center also houses the **UCSB Rape and Sexual Harassment Prevention Education Programs (RPEP)**, which offer follow-up medical and legal information, counseling and support services for sexual assault victims.

**UCSB's Coal Oil Point Natural Reserve** is one of the best remaining examples of a preserved coastal-strand environment in Southern California and protects a wide variety of coastal and estuarine habitats. Located adjacent

to the Santa Barbara campus, the reserve provides a unique and accessible research and teaching resource that supports UC research and teaching in fields as diverse as **ecology and natural history.** <http://nrs.ucop.edu>

**The UC Davis Oiled Wildlife Care Network** strives to ensure that wildlife exposed to petroleum products in the environment receive treatment. The project's services are offered on both the **UCSB campus and at the Santa Barbara Wildlife Care Network in District 35.** [www.vetmed.ucdavis.edu/owcn](http://www.vetmed.ucdavis.edu/owcn)

**UC's Early Academic Outreach Program (EAOP)** provides academic support, college counseling and skill-building workshops to help over 85,000 California students realize their dreams of a college education. EAOP works with

several K-12 schools in District 35. <http://eaop.org>

**ENLACE (Engaging Latino Communities for Education)** is an initiative sponsored by the W.K. Kellogg Foundation aimed at strengthening the educational pipeline and increasing opportunities for Latinos to enter and complete college. **UCSB sponsors three schools in Goleta in District 35.**

**UC's Division of Agriculture and Natural Resources Cooperative Extension** provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county advisors at the **San Luis Obispo and Santa Barbara County offices.** <http://www.ucanr.org>

**UCSB's Sedgwick Reserve in District 35** is an invaluable research site and coordinates a variety of public outreach programs. Outreach includes the **"Kids in Nature"** program that combines

**hands-on learning for fifth-sixth grade students** at the UCSB Museum of Systematics and Ecology, with visits to the reserve for experiences in botany and habitat restoration. <http://nrs.ucop.edu>

**UCSB Isla Vista Mediation Program** is a low-cost, sliding scale mediation service for all University and Isla Vista community members. <http://www.sa.ucsb.edu/guide>
