

UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. UC SAN DIEGO

UC San Diego - near District 76, is among the nation's top-ranked institutions of higher education, **is the third largest employer in the San Diego area and has an economic impact of \$4.6 billion.** In 2002 UC San Diego managed 300 new inventions, created 10 new companies and generated \$13.5 million in royalties. **UC scientists have founded one in four California biotech firms – including three of the world's largest – Amgen, Genentech and Chiron.** The planned Graduate Management School will support the demand for management expertise in a variety of fields including biomedicine, engineering and health care.

UCSD MEDICAL CENTER

The UCSD Medical Center – in District 76, is the region's only academic medical center and offers both primary care and specialized services. **The medical center cares for a disproportionate share of the region's poor and uninsured patients and includes a Regional Burn Center, a National Institutes of Health-designated Clinical Research Center, the Infant Special Care Center and the region's only National Cancer Institute designated Cancer Center. The Medical Center site in La Jolla** also offers a full range of services and includes the **Shiley Eye Center**, which provides patients with basic and advanced eye care and vision services.

UCSD K-12 OUTREACH AND EDUCATION

The UCSD Teacher Education Program (TEP) works directly with K-12 schools and teachers in the greater San Diego area, including **hands-on teacher training at schools in District 76.** UCSD has launched a program of graduate study leading to the Education Doctorate. **The doctoral program will provide a research-based education program tailored exclusively for K-12 and post-secondary educators in the area**, who wish to expand their knowledge in order to assume more leadership. The **UCSD Preuss Charter School** will grow to provide an intensive college prep curriculum to more than 700 low-income 6-12th graders by 2004-05. In 2002-03, **176 students from District 76 were enrolled at the school.**

ArtsBridge works in partnership with California public schools to provide high quality arts education and scholarships to California's K-12 school children. **Artsbridge works with several schools in District 76, including Alice Birney Elementary, Kroc Middle School, North Park Elementary and Florence Elementary.** <http://www.arts.uci.edu/ucartsbridge>

To help ensure that California maintains its leadership in the rapidly changing telecommunications and information technology marketplace, **UC San Diego and UC Irvine have created the California Institute for**

Telecommunications and Information Technology (Ca-IT)². The institute teams UC researchers with leading California telecommunications and computer companies to conduct research on the components needed to bring wireless technology to the next level and accelerate advances in environmental science, transportation, biomedicine and educational practices. <http://www.calit2.net/>

The Puente Project runs programs at 51 community colleges and 35 high schools throughout California to increase the enrollment and retention of educationally underserved students in four-year universities and works

with the San Diego Unified School District and San Diego Mesa Community College in District 76. Puente students graduate from 4-year universities at twice the average rate. <http://www.puente.net>

The UC Affiliated Oiled Wildlife Care Network strives to ensure that wildlife exposed to petroleum products in the environment receive treatment. The program is managed through the UC Davis School of Veterinary Medicine and provides services at a site in **San Diego in District 76.**

UC's MESA (Mathematics, Engineering & Science Achievement) works to prepare educationally disadvantaged students for four-year colleges. **The MESA California Community College Program** increases the number of math and science majors

who successfully transfer and receive degrees from 4-year universities and works with **San Diego Mesa Community College in District 76.** **MESA Success Through Collaboration (STC)** works with American Indian tribes to meet the same goal with respect to Native Americans in the State. <http://mesa.ucop.edu>

Healthcare Access to Schools (HATS) helps children from low-income families obtain health insurance. Since its inception, UC San Diego has provided funds and technical assistance to dozens of schools, **including several schools in District 76.** <http://health.ucsd.edu/news>

UC's Early Academic Outreach Program (EAOP) has provided academic support, career advising, college counseling, motivational and skill-building workshops to help over 85,000 California students realize their dreams of a college education. **EAOP works with several schools in District 76, including Point Loma High School, Clairemont High School and High Tech High School.** <http://www.eaop.org>

BRIGHT Families works at two sites in San Diego in District 76 to improve the health and self-esteem of teens living in San Diego by sharing information and options with at-risk youth. The UCSD Department of Reproductive Medicine is the lead agency for BRIGHT Families. www.bright-families.org

UC's Division of Agriculture and Natural Resources Cooperative Extension advisors at the **San Diego County office** help youth develop leadership skills through 4-H projects and after-school activities. UCCE advisors work with nursery operators, farmers and boat owners to reduce impacts on water quality. <http://www.ucanr.org>

Upward Bound Classic at UCSD motivates and prepares San Diego High School students for college by immersing them in a variety of academic activities throughout the year. **The Upward Bound Math and Science Program encourages Clairemont High School students** to pursue college degrees in math, science, computer science and engineering. <http://sea.ucsd.edu>

The UCSD Scripps Institution of Oceanography takes well-deserved pride in 100 years of spectacular research and world-renowned faculty. Scripps continues to seek, teach, and communicate scientific understanding of the oceans, atmosphere, Earth, and other planets for the benefit of society and the environment. <http://sio.ucsd.edu>
