

UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. Find out more about UC programs in your district by visiting:

UC DAVIS VET MED

The Veterinary Teaching Hospital at UC Davis is the only veterinary teaching hospital in California and provides services to more than 27,000 animals each year. UC Davis' Center for Equine Health (CEH) is leading the way in research to unravel the mysteries of colic, the painful abdominal malady that is the number one killer of horses. **The School of Vet Medicine's new Kenneth L. Maddy Equine Analytical Chemistry Lab will provide drug testing for California racehorses, as well as studies evaluating the effectiveness of medications and other products on racehorse performance.**

UC DAVIS

UC Davis is a premier research university, the largest employer in Yolo County and has an annual economic impact of more than \$1.4 billion. The recently opened Robert and Margrit Mondavi Center for the Performing Arts hosts **a wealth of cultural and artistic performances in District 2.** **The wine industry in this district is dependent on UC Davis' pioneering technology and innovative cultural practices.**

UC DAVIS MEDICAL CENTER

The UC Davis Medical Center is the region's only academic medical center and a fully accredited, 457-bed hospital. UCD Medical Center is the sole Level 1 Trauma Center serving the residents of Humboldt, Lake and surrounding counties. The UC Davis Health System is also a leader in the field of Telemedicine. **UCD Medical Center** has expanded the scope of its services to electronically meet the needs of the region, by linking remote hospitals and primary care practices to the medical center. **This innovative program allows physicians in remote areas of the North State to care for their patients locally.**

UC Division of Agriculture and Natural Resources Cooperative Extension offices in Glenn, Tehama, Siskiyou, Yolo, and Colusa counties provide accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community. UC advisors work with Northern Californians on community development, 4-H youth development, forestry and rangeland and watershed management. UC advisors also provide critical research-based information to local wineries.

VA Northern California Health Care System is an affiliate of the **UC Davis Medical Center**, and provides a full range of medical care to over 417,000 veterans in the region. The system

includes the **Redding Outpatient Clinic in District 2**, which offers a wide range of medical and surgical inpatient and outpatient programs and services. <http://www.va.gov>

The UC Davis Animal Ambassadors uses web-based and hands-on interaction with animals to foster children's interest in science. The program uses interactive materials and written curriculum for classrooms that develop scientific inquiry and critical thinking skills. Between 3,500 - 4,000 children participated in the program between 1999-2002. **The program is present in schools in Yolo, El Dorado, San Diego, San Luis Obispo, San Mateo, Marin, Glenn, Tehama, Los Angeles and Sacramento counties.**

The UC Davis Mondavi Center's Arts Education and Community Outreach Programs provide an imaginative, accessible way for people of all ages to discover, understand, and appreciate the performing arts through performances, teacher's

guides, curriculum guides and pre-matinee classroom talks. In 2001-2002, 25,000 K-12 students were served across El Dorado, Placer, Sacramento, Solano, and **Yolo** counties.

UC's California Subject Matter Projects develops teacher knowledge in K-12 subjects by enhancing instructional strategies, improving **teacher retention and support systems**, providing access to techniques that improve achievement and developing 'teacher-leaders' at over 500 California school districts. The program works at **Alta Mesa and Enterprise elementary schools in Redding in District 2**. With the expertise of teachers and UC faculty, the program annually trains thousands of teachers through intensive summer courses. <http://csmj.ucop.edu>

The UC Davis Mathematics Project (UCDMP) serves teachers and school districts throughout the entire Central Valley and into the lower reaches of the Sierras. UCDMP offers a variety of programs for mathematics teachers, including two tiers of intensive Summer Institutes that provide teachers from K-Community College the

opportunity to develop problem-solving strategies, learn new math content and instructional techniques.
