

### UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. Find out more about UC programs in your district by visiting:

#### Assembly District 61 Programs

- Agricultural
- Campus Facilities
- Community
- Health
- K-12
- Research

#### UCLA MEDICAL CENTER

**UCLA Medical Center provides services throughout District 61** and is ranked the # 1 hospital in the West by *U.S. News and World Report*. More than 300,000 people – including a **disproportionate share of the state's poor and uninsured** – come to UCLA Medical Center each year. **UCLA's Mattel Children's Hospital offers a full range of specialty health services for children.** The Medical Center serves as a highly acclaimed training site for physicians, **many of whom choose to stay at UCLA and as a preeminent research center that drives innovations in life-saving drugs and surgical procedures.**

#### UC RIVERSIDE

**UC Riverside is the fastest growing** of the UC campuses, has an annual economic impact of more than **\$360.2 million** and **is the third largest employer in Riverside County.** UC Riverside is a major research university with state-of-the-art facilities and a distinguished faculty that has led the nation in faculty honorees selected for the prestigious American Association for the Advancement of Science. The planned Riverside Technology Park, a partnership between UC, government and private industry, **will be a major R & D center** aimed at assisting local entrepreneurs and moving UC discoveries from the lab to the marketplace.

#### UC RIVERSIDE IN THE COMMUNITY

UCR's Eastside Community Collaborative **combats the effects of poverty and violence through education, mentoring, arts, and community needs assessment.** The Collaborative was formed in response to escalating violent crime rates in the eastside of Riverside. **Former UCR Chancellor Raymond Orbach convened civic leaders to build solutions aimed at families and youth, in order to help heal a traumatized community.** Today, the Collaborative includes after-school programs at several area sites.

**UC's Early Academic Outreach Program (EAOP)** has provided academic support, career advising, college counseling, motivational and skill-building workshops to help over 85,000 California students realize their dreams of a college education.

EAOP works with several K-12 schools in District 61, including Ruben Ayala High School in Chino Hills, Chino High School, Don Antonio Lugo High School, Montclair High School and Ontario High School. <http://www.eaop.org>

**Healthcare Access to Schools (HATS)** helps children from low-income families obtain health insurance. Since its inception, UC San Diego has provided funds and technical assistance to dozens of schools. <http://health.ucsd.edu/news/Community>

**UC's MESA (Mathematics, Engineering & Science Achievement)** works to prepare educationally disadvantaged students for four-year colleges and works with El Camino Elementary in Ontario and Marshall Middle School in Pomona – both in

District 61. The MESA California Community College Program increases the number of math and science majors who successfully transfer and receive degrees from 4-year universities and works with CSU Pomona. <http://mesa.ucop.edu>

**UCLA's Regional Oncology Centers**, affiliated with the world-renowned UCLA Jonsson Comprehensive Cancer Center, provide comprehensive cancer care services and investigative clinical trials at the Wilshire Oncology Clinic satellite office in Pomona. Patients who come to UCLA centers for cancer care benefit from the most advanced forms of therapy available, and from a variety of supportive services. Regional centers also allow easier access to cancer care services and investigative clinical trials. <http://www.cancer.mednet.ucla.edu/clinical>

**The UC Irvine Gifted Students Academy** was developed to assist gifted students in beginning to set their sights toward a scholarly collegiate experience. UCI provides an environment that enables gifted students to experience the accelerated pace and advanced level curriculum for college admissions and future careers. The program works with students at eight K-12 schools in Chino and Chino Hills within District 61. <http://www2.cfep.uci.edu/gsa/>

The Community Teaching Fellowships in Math and Science work to improve education in the Inland Empire. Affiliated with the National Science Foundation and the UC Riverside School of Education, the program works with the San Bernardino Unified School District. The program provides mentoring for college mathematics/science majors who want to become teachers and works directly in the classroom to improve teacher knowledge and student achievement in math and science. <http://www.alphacenter.ucr.edu/CTFMS/>

**The Puente Project** runs programs at 51 community colleges and 35 high schools throughout California to increase the enrollment and retention of educationally underserved students in four-year universities

and works with Chaffey Community College. To date, Puente has provided mentoring, teaching, and counseling for over 20,000 under-represented students. Puente students graduate from 4-year universities at twice the average rate. <http://www.puente.net>

**UC's Division of Agriculture and Natural Resources Cooperative Extension** provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county advisors at the San Bernardino County office. <http://ucanr.org>
