

UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. - K-12
- Research

UCLA MEDICAL CENTER

UCLA Medical Center provides services throughout District 41 and is ranked # 1 in the West by *U.S. News and World Report*. More than 300,000 people, including a disproportionate share of the state's poor and uninsured, come to UCLA Medical Center each year and receive the best in comprehensive care. UCLA's Mattel Children's Hospital offers a full range of specialty health services for children. The medical center serves as a highly acclaimed training site for physicians, many of whom choose to stay at UCLA and as a preeminent research center that drives innovations in life-saving drugs and surgical procedures.

CALIFORNIA NANOSYSTEMS INSTITUTE (CNSI)

CNSI will facilitate a public/private approach to developing the information, biomedical, and manufacturing technologies that will dominate science and the economy in the 21st century. The Institute will provide a world-class intellectual and physical environment that supports collaboration among California's university, industry and national lab scientists. **The Institute will be located at UCLA and UCSB and will include corporate-sponsored incubator labs.**

UC NATURAL RESERVES

The UC-affiliated Stunt Ranch Santa Monica Mountains Reserve is located in the Cold Creek watershed of Malibu Creek in District 41. The site, one of 34 UC-affiliated natural reserves in the state, is perhaps the most pristine and biologically diverse watershed in the Santa Monica Mountains. The reserve is an important environmental and anthropological research site and also provides educational and outreach opportunities for the local community and K-12 schools throughout the area.

UCLA's Regional Oncology Centers, affiliated with the world-renowned UCLA Jonsson Comprehensive Cancer Center, provide cancer care services and investigative clinical trials at **satellite clinics in the Santa Clarita Valley, Santa Monica, Antelope Valley and Pasadena**. Patients who come to UCLA centers for cancer care benefit from the most advanced forms of therapy available, and from a variety of supportive services. <http://www.healthcare.ucla.edu>

UC's MESA (Mathematics, Engineering & Science Achievement) works to prepare educationally disadvantaged students for four-year colleges. MESA works with several K-12 schools in District 41, including Hueneme High. The MESA California Community College Program increases the number of math and science majors who successfully transfer and receive degrees from 4-year universities and works with Oxnard Community College. <http://mesa.ucop.edu>

UniCamp operates educational and recreational programs for children from low-income families at **two sites in Santa Monica in District 41**. UniCamp strives to build self-esteem, promote the value of education, and foster a sense of community. www.unicamp.org

UC's Early Academic Outreach Program (EAOP) has provided academic support, career advising, college counseling, motivational and skill-building workshops to help over 85,000 California students

realize their dreams of a college education. EAOP works with several **K-12 schools in District 41, including Adams Middle in Santa Monica**. <http://www.eaop.org>

UC's Design for Sharing purchases thousands of tickets to events presented by UCLA Performing Arts. Tickets are distributed through social service agencies for those who could not otherwise afford to attend the events. The program works at **a site in Agoura Hills, one site in Malibu and five sites in Santa Monica - all in District 41**. www.performingarts.ucla.edu

UC's Division of Agriculture and Natural Resources Cooperative Extension provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger

community through county advisors at the **Ventura and Los Angeles County offices**. UC advisors also work to improve nutrition, reduce child obesity, ease the transition from welfare to work and engage 4-H youth in educational activities. <http://www.ucanr.org>

UC's California Subject Matter Projects develop teacher knowledge in major K-12 subject areas by enhancing instructional strategies, providing access to the techniques that improve student achievement and developing 'teacher-leaders' – at over 500 California school districts. With the expertise of teachers and UC faculty, the program annually trains thousands of teachers through intensive summer courses **at schools like Muir Elementary in Santa Monica in District 41**. <http://csmp.ucop.edu>
