

UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. - K-12
- Research

UCLA MEDICAL CENTER

UCLA Medical Center provides services throughout District 38, is known worldwide for its pioneering advances in organ transplantation and ultrasound, and is ranked the # 1 hospital in the West by *U.S. News and World Report*. More than 300,000 people, **including a disproportionate share of the state's poor and uninsured**, are cared for at UCLA Medical Center annually. **UCLA's Mattel Children's Hospital** offers a full range of specialty health services for children. The medical center also serves as a training site for physicians and as a preeminent research center that drives innovations in life-saving drugs and surgical procedures.

CALIFORNIA NANOSYSTEMS INSTITUTE (CNSI)

CNSI will facilitate a public/private approach to developing the information, biomedical and manufacturing technologies that will dominate science and the economy in the 21st century. The institute will provide a world-class intellectual and physical environment that supports collaboration among California's university, industry and national lab scientists. **The institute will be located at UCLA and UC Santa Barbara and will include corporate-sponsored incubator labs.**

UC NATURAL RESERVES

The UC-affiliated Stunt Ranch Santa Monica Mountains Reserve is located in the Cold Creek watershed of Malibu Creek near District 38. The site, **one of 34 UC-affiliated natural reserves in the state**, protects one of the most pristine and biologically diverse watersheds in the Santa Monica Mountains. The reserve is an important environmental and anthropological research site and **provides a wealth of educational opportunities for the local community and area K-12 schools.**

The UCLA Regional Oncology Centers, affiliated with the world-renowned UCLA Jonsson Comprehensive Cancer Center, provide cancer care services and investigative clinical trials at a **satellite clinic in Santa Clarita in District 38**. Patients who come to UCLA centers for cancer care benefit from the most advanced forms of therapy available, and from a variety of supportive services. <http://www.healthcare.ucla.edu>

UC's MESA (Mathematics, Engineering & Science Achievement) works to prepare educationally disadvantaged students for four-year colleges at several K-12 schools in the area, including **Fillmore Senior High School**. The UC-affiliated MESA

California Community College Program increases the number of math and science majors who successfully transfer and receive degrees from 4-year universities and operates from a site at **CSU Northridge**. <http://mesa.ucop.edu>

The UC Davis Animal Ambassadors program uses web-based and hands-on interaction with animals to foster children's interest in science. The program uses interactive materials and written curriculum for classrooms that develop scientific inquiry and critical thinking skills. Between 3,500 - 4,000 children participated in the program between 1999-2002. **The program is present in schools throughout Los Angeles county.**

UC's Early Academic Outreach Program (EAOP) has provided academic support, career advising, college counseling, motivational and skill-building workshops to help over 85,000 California students realize their

dreams of a college education. EAOP works with **multiple K-12 schools in District 38, including Acacia Elementary in Thousand Oaks**. <http://www.eaop.org>

UC's Division of Agriculture and Natural Resources Cooperative Extension provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county advisors at the **Ventura and Los Angeles county offices**. UC advisors also work to improve nutrition, reduce child obesity, ease the transition from welfare to work and engage 4-H youth in educational activities. <http://ucanr.org>

UC's California Subject Matter Projects develop teachers' knowledge in major K-12 subject areas by enhancing instructional strategies, providing access to the techniques that improve student achievement and developing 'teacher-leaders' – **at over 500 California school districts**. With the expertise of teachers and UC faculty, the program annually trains thousands of teachers through intensive summer courses – including teachers at several schools in **Thousand Oaks**. <http://csmop.ucop.edu>

The VA Greater Los Angeles Healthcare System is an affiliate of the UCLA Medical Center and provides a full range of medical care to veterans in the region. The system houses a teaching hospital and provides a full range of

patient care services using state-of-the-art technology. **Outpatient clinics are located in the Sepulveda, Oxnard and Ventura areas.** <http://www.va.gov>
