

### UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. #### UC SANTA BARBARA

**UC Santa Barbara - located near District 37, with more than 9,100 employees, is the largest employer in Santa Barbara County.** UC Santa Barbara's **annual economic impact is over \$239 million.** Alumni and faculty members of the **College of Engineering** have started **nearly 100 high-tech companies**, about half of them located on California's Central Coast. UC Santa Barbara includes a School of Environmental Science Management and a Graduate School of Education. The more than **16,000 UC alumni in the area** provide a highly skilled workforce for the region's growing technology sector.

#### UC NATURAL RESERVE SYSTEM

UCSB administers a number of Natural Reserve sites in the Santa Barbara area that protect unique local environments, serve as invaluable research laboratories and educate the public. Reserves include the **Carpinteria Salt Marsh Reserve**, which protects an important Southern California estuary and the **Santa Cruz Island Reserve**, which protects the breeding grounds of harbor seals and the threatened island fox. **Both reserves host a range of public education and outreach programs for local K-12 schools and the larger community.**

#### THE CALIFORNIA NANOSYSTEMS INSTITUTE (CNSI)

**CNSI will facilitate a public/private approach to developing the information, biomedical and manufacturing technologies that will dominate science and the economy in the 21st century.** The institute will provide a world-class intellectual and physical environment that supports collaboration among California's university, industry and national lab scientists. **The institute will be located at UCLA and UC Santa Barbara and will include corporate-sponsored incubator labs.**

**UC's Design for Sharing** purchases thousands of tickets to events presented by UCLA Performing Arts. Tickets are distributed through social service agencies for those who could not otherwise afford to attend the events. The program works at a site at **Moorpark Community College in District 37.**

**UC's MESA (Mathematics, Engineering & Science Achievement)** works to prepare educationally disadvantaged students for four-year colleges and universities at several area schools, including **La Cumbre Middle, Fillmore Senior High and Ventura Community**

**College in District 37.** <http://mesa.ucop.edu>

**The VA Greater Los Angeles Healthcare System (GLA)** is an affiliate of the **UCLA Medical Center** and provides a full range of **medical care to thousands of veterans in the region.**

The system houses both care facilities and a teaching

hospital and provides patient care services using state-of-the-art technology. **Outpatient clinics are located in Santa Paula and Ventura.** <http://www.va.gov>

**UC's Early Academic Outreach Program (EAOP)** provides academic support, career advising, college counseling, motivational and skill-building workshops to help over 85,000 California students realize their dreams

of a college education. EAOP works with **several K-12 schools in District 37, including Santa Paula High.**

<http://www.eaop.org>

**UC's California Subject Matter Projects** develop teacher knowledge in major K-12 subject areas by enhancing instructional strategies, providing access to the techniques that improve student achievement, and developing 'teacher-leaders', at over 500 California school districts. With the expertise of teachers and UC faculty, the program annually trains thousands of teachers through intensive summer courses – **including teachers at multiple school sites in Ventura, Thousand Oaks and Camarillo.** <http://csmp.ucop.edu>

**UC's Division of Agriculture and Natural Resources Cooperative Extension** provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county advisors at the **Ventura and Los Angeles County offices.**

<http://ucanr.org>

**UCSB has a University Extension satellite facility in Ventura that has been in operation for over 25 years.** The program provides a range of educational opportunities for the local community. Courses are offered year-round, with evening and weekend classes designed to fit into busy schedules.
