

UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. UC SAN DIEGO

UC San Diego is among the nation's top-ranked institutions of higher education, is the third largest employer in the San Diego area and has an economic impact of \$4.6 billion. In 2002 UC San Diego managed 300 new inventions, created 10 new companies and generated \$13.5 million in royalties. **UC scientists have founded one in four California biotech firms – including three of the world's largest – Amgen, Genentech and Chiron.** The planned Graduate Management School will support the demand for management expertise in a variety of fields including biomedicine, engineering and health care.

UC SAN DIEGO MEDICAL CENTER

UC San Diego Medical Center provides services throughout District 79 and is the region's only academic medical center. The Medical Center cares for a disproportionate share of the region's poor and uninsured patients and is the county's only Level 1 Trauma Center. **The Medical Center includes a Regional Burn Center, a National Institutes of Health Clinical Research Center, the Infant Special Care Center and the region's only National Cancer Institute.** The UC San Diego LA Jolla Medical Center site offers a range of services and includes the **Shiley Eye Center**, which provides pediatric and adult patients with vision services.

UCSD TEACHER EDUCATION PROGRAM

The UCSD Teacher Education Program works directly with K-12 schools and teachers in the greater San Diego area by providing hands-on training at schools in District 79. UCSD has also launched a program of graduate study leading to the education doctorate. **The doctoral program will provide a research-based program in education tailored exclusively for K-12 and post-secondary educators who wish to assume more leadership in local schools. The UCSD Preuss Charter School will provide an intensive college prep curriculum to more than 700 low-income 6-12th graders by 2004-05. In 2002-03, 143 students from District 79 were enrolled at the school.**

ArtsBridge works in partnership with California public schools to provide high quality arts education and scholarships to California's K-12 school children. **ArtsBridge works with several schools in District 79, including Central Elementary School in National City, Kennedy Elementary School and Burbank Elementary school.**

The Puente Project runs programs at 51 community colleges and 35 high schools throughout California to increase the enrollment and retention of educationally underserved students in four-year universities. Puente works

with Castle Park High School in Chula Vista in District 79.

Puente students graduate from 4-year universities at twice the average rate. <http://www.puente.net>

The California Policy Research Center (CPRC) applies UC's research expertise to the analysis, development and implementation of state and federal policy. CPRC provides policy-relevant UC-led research on statewide issues, oversees legislatively mandated research projects and disseminates research findings to the public. CPRC also hosts projects such as the Welfare Policy Research Project (WPRP), the Latino Policy Institute and the California-Mexico Health Initiative (CMHI). <http://www.ucop.edu/cprc/>

UC's MESA (Mathematics, Engineering & Science Achievement) works to prepare educationally disadvantaged students for four-year colleges and works with several schools in **District 79, including Lincoln High School in San Diego and Castle Park High School and**

Castle Park Middle School in Chula Vista.

Healthcare Access to Schools (HATS) helps children from low-income families obtain health insurance. Since its inception, UC San Diego has provided funds and technical assistance to dozens of schools, **including seven schools in Chula Vista.**

UC's Early Academic Outreach Program (EAOP) has provided academic support, career advising, college counseling, motivational and skill-building workshops to help over 85,000 California students

realize their dreams of a college education. **EAOP works with several schools in District 79, including Lincoln High School.**

<http://www.eaop.org>

BRIGHT Families works at **several sites in Chula Vista and San Diego** to improve the health and self-esteem of teens by sharing information and options with at-risk youth. The UCSD Department of Reproductive Medicine is the lead agency for BRIGHT Families. www.bright-families.org

Upward Bound Classic at UCSD motivates and prepares Mar Vista, Chula Vista, Sweetwater and Lincoln High School students for college by immersing them in a variety of academic activities during their high school years and during the summer months. **The Upward Bound Math and Science Program encourages Castle Park High School students to pursue college degrees in math, science, computer science and engineering.** <http://sea.ucsd.edu>

UC's Division of Agriculture and Natural Resources Cooperative Extension provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county

advisors at the **San Diego County office**. UC advisors work with nursery operators, farmers and boat owners to reduce impacts on water quality. UC advisors also help youth develop leadership skills through **4-H projects and after-school activities.** <http://www.ucanr.org>

Faculty from the UCSD Pediatrics and Medicine departments, along with volunteer community physicians, **staff a fully equipped medical van that provides health screenings and immunizations for homeless and indigent youth.** The **Teen Outreach Mobile Van** operates at the **Logan Heights Family Clinic** several times a week.
