**UC in Your District**

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. **LAWRENCE BERKELEY NATIONAL LABORATORY**

Lawrence Berkeley National Laboratory employs a staff of 4,500 and has an annual budget of \$350 million. The laboratory was the birthplace of the cyclotron, the instrument that led to a Golden Age of particle physics and revolutionary discoveries about the nature of the universe. The laboratory **boasts nine Nobel Prizes** including five in physics and four in chemistry. Today, the laboratory performs research in life sciences, energy efficiency, and accelerators. In addition, Berkeley Lab hosts a variety of community programs.

**CALIFORNIA INSTITUTE FOR QUANTITATIVE BIOMEDICAL RESEARCH (QB 3)**

QB 3 is a cooperative effort between UC and private industry aimed at developing the cutting-edge research discoveries that will continue to drive the field of biomedicine. QB 3 will drive the new technologies and research that will spawn a host of biomedical innovations and train thousands of researchers in the Bay Area. QB 3 will be housed in two new buildings at UC Santa Cruz, a new UC Berkeley facility and at a site on UC San Francisco's Mission Bay campus.
