

### **UC in Your District**

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. Find out more about UC programs in your district by visiting:

### **UC SAN FRANCISCO**

**UCSF, near the 6<sup>th</sup> Congressional District**, hosts a range of programs in the region. UCSF is one of the area's largest employers, **contributing more than \$1 billion annually to the Bay Area economy** and spawning hundreds of biotechnology enterprises. Thousands of non-university jobs are created by its presence as a result of UCSF inventions, technology or personnel. **UCSF** is a recognized leader in patient care, biomedical research, and health science education.

### **UC AND THE WINE INDUSTRY**

**The wine industry** is heavily dependent on UC Davis' pioneering technology and innovative cultural practices. Selection of better yielding clones of chardonnay at UC fueled dramatic changes in the industry, bringing its current value to \$300 million. **Growers rely on UC's network of advisors at the Sonoma County UC Cooperative Extension office in the 6<sup>th</sup> Congressional District. The UC Davis Mondavi Institute for Wine and Food Science** will serve as a global innovator in university-based wine and food programs and will house the largest and most prestigious wine and food science academic program in the world.

### **UCSF HEALTH CARE**

**The UCSF Medical Center** provides services throughout the 6<sup>th</sup> Congressional District and is among the world's greatest health care institutions. **UCSF's Family Practice Residency program at Sutter Medical Center in Santa Rosa** provides a host of community medical services to **underserved populations in the 6<sup>th</sup> Congressional District** including HIV treatment and education and targeted health outreach to Latinos.

In response to community and scientists' concerns about breast cancer rates in Marin County, epidemiologists from UCSF and community investigators from Marin Breast Cancer Watch began working to document the disease in the region. **In 2002, the Marin Breast Cancer Research Collaborative was formed as a joint research project that pools the resources of UC Berkeley, UCSF and the UC-affiliated National Laboratories**, as well as the Marin County Department of Health and Human Services and Marin Breast Cancer Watch. <http://cc.ucsf.edu/brca/farren.pdf>

**The UCSF Breast Cancer Early Detection Program Regional Partnership** provides breast cancer screening, diagnostic services and outreach to low-income women over forty in this district. UCSF is a national leader in breast cancer research, treatment and prevention services. <http://www.ucsfbreastcarecenter.org>

**UC's Early Academic Outreach Program (EAOP)** provides academic support, career advising, college counseling and motivational/skill-building workshops to help over 85,000 California students realize their dreams of a college education. **In the Bay Area, EAOP works with disadvantaged students in 37 high schools and 39 middle schools in Alameda, Contra Costa, San Francisco, Santa Clara and Sonoma counties.** <http://www.ucop.edu/sas/eaop/home.htm>

**UCSF's Intensive Care Nursery (ICN) Follow-Up Program** assesses the neurodevelopmental progress of infants by providing parent support after discharge, early identification of developmental disabilities and liaison with community physicians and agencies. **An ICN satellite clinic operates in Santa Rosa in the 6<sup>th</sup> Congressional District.**

**Medical students from the UCSF School of Medicine** provide regular treatment to incarcerated individuals at **San Quentin Prison** as part of their training.

**UCSF research was among the first to identify HIV** as the causative agent of the disease and the campus continues to lead in HIV treatment and research programs. **UCSF AIDS Health Project** is the sole provider of HIV-specific mental health programs. **HIV InSite** is a comprehensive resource for treatment, prevention and policy, which links UCSF expertise with academics, doctors and patients worldwide. <http://hivinsite.ucsf.edu/InSite.jsp>

**The UC Davis Oiled Wildlife Care Network** strives to ensure that wildlife exposed to petroleum products in the environment receive treatment. The project's services are offered at the **Marine Mammal Center in Sausalito in the 6<sup>th</sup> Congressional District.** [www.vetmed.ucdavis.edu/owcn](http://www.vetmed.ucdavis.edu/owcn)

**The Center of Excellence in Women's Health at UCSF** is developing a new standard for multi-disciplinary health care which focuses on the needs of all women by developing integrated clinical care, research on women's health, professional education and mentoring for female healthcare providers and community outreach. <http://itssrv1.ucsf.edu/coe>

**The Expanding Your Horizons Project at Lawrence Livermore National Laboratory** nurtures K-12 girl's interests in math and science subject matter and encourages them to choose careers in the field. The program provides conferences throughout the Bay Area that include hands-on workshops led by women scientists and engineers. <http://www.llnl.gov/eyh/>

**The Mental Health Research Group at UC Berkeley's School of Social Welfare** works with California counties to pursue timely research on issues in mental health such as residential care, psychiatric emergency services and homelessness. <http://socialwelfare.berkeley.edu>

**UC San Francisco's Women's Triad Project** works to build the confidence of this district's middle school girls in their abilities in science.

**The UC Davis Natural Reserve System Bodega Marine Laboratory** has emerged in recent years as one of the Pacific Coast's leading laboratories, achieving international recognition in <http://www.bml.ucdavis.edu>
