

### UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. Find out more about UC programs in your district by visiting:

-  K-12
-  Research

#### UC RIVERSIDE

**UC Riverside - near District 37, is the fastest growing of the University of California campuses and has an annual direct economic impact on the region of more than \$360.2 million. With more than 3,000 regular employees, UCR is the third largest employer in Riverside County.** The Riverside Regional Technology Park is a partnership between UC, local government and private industry that will provide a **research center for high-tech industries and R&D activities that will help move UC discoveries from the lab to the marketplace.**

#### UCR EASTSIDE COMMUNITY COLLABORATIVE

**UC Riverside's Eastside Community Collaborative** combats the effects of poverty and violence through education, mentoring, arts and community needs assessment. **The collaborative was formed in 1994 in response to escalating violent crime rates in the eastside of Riverside.** Former UCR Chancellor Raymond Orbach convened civic leaders to build creative solutions aimed at families and youth, to help heal a traumatized community. Today, the Collaborative includes the "Safe Havens" after-school program at area schools.

#### UC RIVERSIDE GENOMICS INSTITUTE

The **UC Riverside Genomics Institute** brings together faculty from every academic unit on campus to foster innovations that will make possible advancements in the quality of life - **from greater productivity in California's \$27-billion agricultural industry to more nutritious foods to improved human health and environmental quality.**

## **Senate District 37 - Jim Battin, R – Riverside**

**UC alumni in this district: 5,587**

The Community Teaching Fellowships in Math and Science work to improve education in the Inland Empire. Affiliated with the National Science Foundation and the UC Riverside School of Education, the program works with **Riverside Unified Schools and San Bernardino Unified Schools**. The program provides professional development and mentoring for college mathematics/science majors who want to become teachers and works directly in the classroom to improve teacher knowledge and student achievement in math and science.

**Healthcare Access to Schools (HATS)** helps children from low-income families obtain health insurance. Since its inception, UC San Diego has provided funds and technical assistance to dozens of schools, **including Fallbrook High in District 37**.

<http://health.ucsd.edu/news>

The **UC Irvine Gifted Students Academy** was developed to enable gifted students to experience the accelerated pace and advanced level curriculum of college. The program has worked with students at **Fallbrook Street Elementary and Wildomar's Brown Middle School, both in District 37**.

<http://www2.cfep.uci.edu/gsa/>

**UC's Early Academic Outreach Program (EAOP)** has provided academic support, career advising, college counseling and skill-building workshops to help over 85,000 California students realize their dreams of a college education. EAOP works with

several K-12 schools in the area, **including Elsinore High and Wildomar Elementary in District 37**. <http://www.eaop.org>

The **UC Davis Animal Ambassadors** program uses web-based and hands-on interaction with animals to foster children's interest in science. The program uses interactive materials and written curriculum for classrooms that develop scientific inquiry and critical thinking skills. Between 3,500 - 4,000 children participated in the program between 1999-2002. **The program is present in schools throughout Riverside County**.

**The VA Greater Los Angeles Healthcare System is an affiliate of the UCLA Medical Center and provides a full range of medical care to veterans in the region**. The system provides a full range of patient care services using

state-of-the-art technology. **Outpatient clinics are located throughout the region**. <http://www.va.gov>

**UC Riverside's College of Engineering-Center for Environmental Research Technology (CE-CERT)** program contributes to improved environmental quality and energy efficiency through interdisciplinary research and by providing educational opportunities for the next generation of engineers, scientists and policy-makers in the **Inland Empire**.

<http://www.cert.ucr.edu>

The **FARMS** program aims to empower high school students about their futures through experiential learning and exposure to educational and career choices - all centered on agriculture and the environment. UC is a participating partner and runs a program at **Lake Elsinore High in Wildomar in District 37**.

[www.farmsleaders.org](http://www.farmsleaders.org)

**UC's Division of Agriculture and Natural Resources Cooperative Extension** provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community through county advisors at the **Riverside County office**.

<http://ceriverside.ucdavis.edu/>

**The wine industry in this district is heavily dependent on UC's pioneering technology and innovative cultural practices**. Selection of better yielding clones of chardonnay fueled a dramatic increase in planted acreage since 1960, bringing its current value to \$300 million.
