

UC in Your District

The University of California's reach goes well beyond its 10 campuses, five medical centers and three national laboratories. The University's presence is felt in each of California's 58 counties through a wide array of exemplary community partnerships, enriching cultural resources and innovative research programs. From health-care education for rural physicians to agricultural research advice for local farmers to college preparation efforts in nearly every public school, UC has a direct influence in your community. Find out more about UC programs in your district by visiting:

UCLA MEDICAL CENTER

UCLA Medical Center provides services throughout District 26, and is known for its pioneering advancements in organ transplantation and ultrasound and is ranked # 1 in the West by *U.S. News and World Report*. More than 300,000 people – **including a disproportionate share of the state's poor and uninsured** – are cared for at UCLA Medical Center each year. UCLA's Mattel Children's Hospital offers a full range of specialty health services for children. The Medical Center serves as a training site for physicians and as a research center that drives innovations in life-saving drugs and surgical procedures.

UC ARTS OUTREACH

UC Santa Cruz's African American Theater Arts Troupe is dedicated to providing an outlet for the creativity and talents of underrepresented students through plays, presentations and workshops on campus and throughout the community. The troupe provides scholarships, mentoring and performances to **K-12 schools and community colleges throughout Los Angeles, including Crenshaw High School in District 26.**

UCLA

UCLA - near District 26, is one of the country's top 10 research universities with more than 100 majors offered to undergraduate students. **UCLA has a \$4.34 billion annual economic impact on the state economy.** The UCLA faculty is distinguished internationally – **with five current Nobel Laureates.** **UCLA postgraduate schools** include renowned schools of Education, Engineering, Law, Medicine, Nursing, Public Health, Public Policy and Theater, Film and Television.

The world-renowned UCLA Jonsson Comprehensive Cancer Center provides cancer care services and investigative clinical trials at a **satellite clinic in West Los Angeles**. Patients who come to UCLA centers for cancer care benefit from the most advanced forms of therapy available, and from a variety of supportive services. <http://www.healthcare.ucla.edu>

The California Policy Research Center (CPRC) applies UC's research expertise to the analysis, development and implementation of state and federal policy. CPRC provides policy-relevant UC-led research on statewide issues, oversees legislatively mandated research projects, and disseminates research findings through publications and special briefings. CPRC also hosts projects such as the Welfare Policy Research Project (WPRP), the **California Program on Access to Care (CPAC)**, the Latino Policy Institute and the California-Mexico Health Initiative (CMHI).

UC's MESA (Mathematics, Engineering & Science Achievement) works to prepare educationally disadvantaged students for four-year colleges at **Culver City and Crenshaw High in District 26**. <http://mesa.ucop.edu>

UC's Design for Sharing purchases thousands of tickets to events presented by UCLA Performing Arts. Tickets are distributed through social service agencies for those who could not otherwise afford to attend the events. The program works with multiple agencies in **Culver City and Crenshaw in District 26**. www.performingarts.ucla.edu

UC Riverside's CE-CERT program contributes to improved environmental quality and energy efficiency through interdisciplinary research and by providing educational opportunities for the next generation of engineers, scientists and policy-makers. <http://www.cert.ucr.edu>

The UC Davis School of Vet Medicine's new **Kenneth L. Maddy Equine Analytical Chemistry Lab** will provide drug testing for **California racehorses statewide** as well as studies evaluating the effectiveness of medications and other products on racehorse performance.

UniCamp operates educational and recreational programs for children from low-income families at a site in **Culver City in District 26**. UniCamp strives to build self-esteem, promote the value of education, and foster a sense of community. www.unicamp.org

The UCLA Mobile Eye Clinic provides free eye exams in the **greater Los Angeles** area at schools, agencies working with abused and foster children and the elderly and homeless shelters. Over 5,000 patients are treated each year.

UC's Early Academic Outreach Program (EAOP) has provided academic support, college counseling, motivational and skill-building workshops to over 85,000 California students to help them realize their dreams of a college education. EAOP

works with several **K-12 schools, including Crenshaw High, Mt. Vernon Middle and Culver City High in District 26**. <http://www.eaop.org>

UC's Division of Agriculture and Natural Resources Cooperative Extension provides accessible and comprehensive agricultural research information for local growers, ranchers, governments and the larger community at the **Los Angeles County office**. UC advisors also work to improve nutrition, reduce child obesity, ease the transition from welfare to work and engage 4-H youth in educational activities. <http://ucanr.org>

The VA Greater Los Angeles Healthcare System is an affiliate of the UCLA Medical Center and provides a full range of medical care to **thousands of veterans in the region**. The system houses a teaching hospital and provides a full range of

patient care services using state-of-the-art technology. An **outpatient clinic is located in West Los Angeles and the Vietnam Veterans Readjustment Counseling Center is located in Culver City in District 26**. <http://www.va.gov>

California Partners for Advanced Transit in Highways (PATH) at the **UC Institute of Transportation Studies** brings together faculty and students with private industry and state/local agencies to develop the

research technologies that will improve California's transport systems. PATH is working to develop lasting solutions to the state's public transit challenges. <http://www.path.berkeley.edu>
