Job openings in new UCOP Budget Unit extended through Friday, May 9

Three MSP positions in the UCOP Budget Unit remain open: Assistant Director, Coordinator and Principal Budget Analyst. The application deadline is this Friday, May 9, and these are internal recruitments open to current UC staff. For position descriptions and application information, go to <https://jobs.ucop.edu>

Design work begins on new Legislative Analysis group

A working group was recently formed to evaluate opportunities to improve the coordination and consistency of legislative analysis at UCOP. In addition to looking at our structure and processes for conducting legislative analysis itself, this group will assess and develop recommendations on how we can improve our overall approach to how UC develops policy positions. Nina Robinson from Student Affairs has agreed to lead this team. An initial step of the working group will be to conduct interviews with staff involved in legislative analysis.

Additional updates will be forthcoming as our progress on restructuring continues
