

2006-07 Student Fees

Gov. Arnold Schwarzenegger signed a 2006-07 state budget June 30, 2006 that provides \$75 million in state funding to avoid a student fee increase for 2006-07.

With the “buyout,” fee levels for 2006-07 will be as follows:

- **Undergraduate students:** Mandatory systemwide fees for resident undergraduates in 2006-07 will remain at \$6,141 per year, or an estimated average \$6,802 with the inclusion of campus-based fees.
- **Graduate students:** Resident graduate academic students will pay \$6,897 in mandatory systemwide fees, or an estimated average \$8,708 with the inclusion of campus-based fees.
- **Nonresident tuition:** The state buyout of student fees does not apply to a 5 percent nonresident tuition hike already approved by the Board of Regents for undergraduates only. Nonresident students will pay an average total of \$25,486 at the undergraduate level and \$23,669 at the graduate level to attend UC in 2006-07.
- **Professional Students:** The state buyout eliminates the need for a 5 percent increase in professional school fees in 2006-07, but it does not eliminate a one-year, temporary \$350 increase for professional students approved by the Regents last year to help cover lost revenue associated with a lawsuit regarding professional fees. The Regents last year also approved increases in selected professional school fees for 2005-06 but deferred a portion of those increases to 2006-07; students will still see those increases as well. Total fees for professional students in 2006-07 will range from about \$12,000 for nursing to about \$25,000 for law.

Fees for individual UC professional schools for the 2005-06 academic year are listed at:
