
Application for 2024-25 Student Regent University of California

The Student Regent

The Student Regent is a full voting member of the Board of Regents of the University of California, attending all meetings of the Board and its Committees and serving a one year term commencing July 1, 2024. The Student Regent serves as a trustee on behalf of the people of the State of California while bringing the voice of the students to the Board. From the time of appointment as a Student Regent in July 2023, but prior to the commencement of service as a member of the Board in July 2024, the appointee holds the title Regent-designate and is invited to participate in all meetings of the Board and of its Committees, but without a vote.

The Regents of the University of California

The Organic Act of 1868 established the University of California and entrusted its organization and governance and legal and corporate authority to an independent corporation, The Regents of the University of California. California voters amended the State Constitution in November 1974 to provide the Regents with the option of appointing a student to serve as a member on the Board of Regents. Every year since 1975, a University student has served as a member of the Board of Regents. The Board of Regents appoints the Student Regent on the recommendation of its Special Committee to Select a Student Regent. The Board of Regents consists of 26 members: 18 are appointed by the Governor for 12-year terms; one is the student appointed by the Regents to a one-year term; and seven, including the President of the University, are ex officio members. The State Constitution provides that Regents shall be persons broadly reflective of the economic, cultural, and social diversity of the State. The Board of Regents operates through eight standing committees and a varying number of subcommittees and special committees. The Board and its Committees meet six times a year, every other month. Some committees hold off-cycle meetings.

Duties of The Regents

The Regents establish policy in areas such as long range planning, student fees, admissions, and compensation. The duties of The Regents include overseeing the financial management of the University, as well as appointing the President of the University, the ten campus Chancellors, and the Officers of the Regents.

The Regents have delegated a broad range of authority and responsibility to the President of the University and have delegated authority to the faculty in matters relating to educational programs including the establishment and supervision of all courses and curricula.

Qualifications

At the time of application, a candidate for Student Regent must be an undergraduate, graduate, or professional student in good standing at one of the University's ten campuses. During the time a Student Regent serves as a Regent-designate and as a Regent, the student must be enrolled as a student in good standing at a campus of the University of California for each regular term. The Student Regent may not simultaneously serve in any appointed or elected student government position or on the Board of Directors of the University of California Student Association. The Student Regent is not eligible for reappointment to the position.

Remuneration

The Student Regent and Regent-designate are reimbursed for expenses incurred for attendance at meetings of the Board and its Committees. If eligible in accordance with State and federal law, they will receive a tuition and fee waiver equivalent to their total University fees and tuition or for any portion of tuition and fees that are not covered by financial aid during the academic years in which they serve as Regent-designate and Regent. In addition, the student Regent and Regent-designate shall receive a scholarship, if eligible in accordance with State and federal law. At the time of appointment, the Student Regent and Regent-designate are provided with a furnished, equipped office at their home campus.

Student Regent Selection and Application Process

Student Regent Selection Process

Each application for student Regent will be reviewed by a nominating commission of ten students, each from a different campus, selected by the presidents of the campus student governments. The Nominating Commission may choose to interview candidates by phone or request additional information to help them decide which candidates to recommend to the UCSA/UCGPC interview panel.

The UCSA/UCGPC panel, comprising ten representatives of the undergraduate student association and ten representatives of the graduate student association (External Vice Presidents or their designees), will interview the candidates identified by the nominating commission. These candidates will be interviewed on Saturday, May 6, 2023. References named by the applicants will be asked to submit letters of recommendation prior to the interview.

The UCSA/UCGPC interview panel will select three to four finalists whose names are forwarded to the Secretary and Chief of Staff to the Regents. The finalists' Chancellors will be contacted to comment on their qualifications.

The finalists will be interviewed later in May by the Regents' Special Committee to Select a Student Regent, which will recommend appointment by the Board of Regents at its July 2023 meeting.

Applicants can submit a request for reimbursement to the Office of the Secretary and Chief of Staff for in-state mileage or in-state airfare to the interviews, as appropriate.
